## Rifle Matches his Weekend

This Saturday and Sunday, May 14 and 15, the Annual Michigan Power Rifle State Championships will be held at Camp Grayling. The match is co-sponsored by Michigan Rifle and Pistol Association and the Michigan National Rifle Association.

Approximately 300 competitors expected to attend the two-day event. Teams and individuals will be in from throughout the midwest and Canada. They include National Guardsmen, Reserves, regular Service members and civilians. All firing is done at 200, 300 and 600 yd distances.

## Fix-Up, Clean-Up

Anything is looking better all the time as each resident does his bit to improve the appearance of his city. Every little improvement, no matter how small, adds to the overall picture.

A number of sheds have been cleaned since last week. The City trucks completed an early pickup on Monday and Tuesday and Jack Millikin and John Tan's trucks are still available to be needed by phoning 348-9314.

Oran Gould, chairman of the cleanup campaign, points out that you haven't been called on by area chairman you will be in. She asks that the honor which has been given or will be given to you be displayed.

The young men of Camp LaVie are giving up their Saturday days during the month of May and are spending and weeding the river beds along Old 27 in preparation for the petunia planting. If you make a major improvement let the Avalanche know so it can be made a matter of record and clipped for the scrapbook to be entered in competition for another award.

## AuSable To Be Free Of Litter

A cooperative venture by organizations of the Grayling area and the Michigan Skin Divers Council will clean all foreign debris from the AuSable Main Stream Sunday, May 15th.

Two hundred skin divers from all parts of Michigan will gather in Grayling May 14 and begin, Sunday morning, May 15, at 9:00 a. m. to clean out the beer bottles, beer cans, and debris that thoughtless users of the river have left behind to despoil the beauty of the AuSable River.

The Clean-up Day, instituted by the Michigan Skin Divers Council and members of the Grayling Regional Chamber of Commerce, has become an annual activity, and is a source of pride to the community in showing that the Grayling area cares about its image and wants to keep intact the esthetic beauty of the famed AuSable.

## Remember Poppy Day

"In Flanders fields the poppies blow. Between the crosses, row on row."

The poppy story is once more being told to help the Grayling Auxiliary Unit 106 sell Poppies on May 19-20-21.

Petal number one could be called sacrifice — the blood red color of the poppy is reminiscent of the blood of our service men, shed on foreign soil. We will join petal number two and call it service. We are the organization dedicated to serve. Petal number three stands for manufacturers of the poppy, not by a whirling machine or mass production lines, but by our State of Michigan hospitalized veterans. A veteran is paid \$15.00 on every one thousand poppies he makes. This money means extra treats for the veterans in his family.

Petal number four is a very important one — it forms the complete cycle — it represents how we spend our poppy money.

These four petals from the poppy we offer to the public May 19-20-21. So be a Buddy — buy and wear a Poppy.

## Observe 13th Michigan Week

### "Brigadoon" Now on Sale

Tickets for the May 20 and 21 performance of the Broadway Musical BRIGADOON are now on sale at the Grayling Pharmacy, and people of the area are urged to pick up their reserved seats as soon as possible. Many tickets have already been sold, some in large blocks. Everett High School in Lansing has purchased 70 tickets, and an order was received earlier this week for 30 tickets from the Mesick Schools. If it is not possible for you to get into the Grayling Pharmacy, you may call in your order and they will hold tickets for you for 48 hours or until 24 hours before opening night. Their phone number is 348-5051. Prices for reserved seats are \$1 and bleacher seats are 50c. There is a great possibility that Friday night's performance will be sold out shortly, so get your tickets early.

BRIGADOON, a Broadway Musical by Lerner and Loewe, the composers of MY FAIR LADY, was first performed at the Ziegfeld Theatre on March 13, 1947 and played for 531 consecutive performances. BRIGADOON became the first musical to receive the Drama Critics Circle Award as the best musical play of the year.

BRIGADOON is a magic village in Scotland, which appears every hundred years out of the Highland mists, only to disappear after a single day. In that one day, all the elements of living are confronted: life and death, love and marriage. In present times two American tourists, on a grouse hunt, get lost and stumble upon BRIGADOON on a day when a wedding is being celebrated. They are Tommy Albright (Bob Ashton) and Jeff Douglas (Mike Worden). They sense that the place has an eerie feeling. The village schoolmaster, Mr. Lundie (Mike Gardner) relates the village's history. In 1765 a miracle had permitted the village to be preserved from any change by allowing it to disappear, then come to life for a day once a century. If a single native left the place, then BRIGADOON would be gone for good; if any visitor arrived, he must be part of BRIGADOON's life. During his day in BRIGADOON, Tommy falls in love with the charming Scottish lass, Fiona MacLaren (Anne Marie Church).

so much that he completely forgets the girl he left behind in New York. Throughout the play such ever-popular musical numbers as "Almost Like Being in Love", "The Heather on the Hill" and "Waitin' For My Dearie" are heard. The story of BRIGADOON itself is a humorous in spots, sad in spots, and very heart warming throughout, without the music, but with the music you will be engulfed in the entire life of BRIGADOON, so much so that you almost believe that you are a member of the town.

This is one that you don't want to miss, but get your tickets early if you want good seats. Tickets are on sale at the Grayling Pharmacy, and reservations may be made by phone, providing the tickets are picked up within 48 hours.

## Promote State May 15-21

Michigan Week, observed this year May 15-21, dates back to 1953, when a group of business and government leaders recognized the need for an all-encompassing activity which would help sell Michigan to its own people as well as to the world at large and bring great numbers of people together as volunteers to work for their state's progress.

In that year, first efforts at organization of a Michigan Week plan were started and the first observance was held in May of 1954. At that time it was sponsored jointly by the State Department of Economic Expansion and a volunteer promotional organization, Greater Michigan, Inc.

At the beginning, Michigan Week operated out of the offices of the Department of Economic Expansion as something of an offshoot of the state agency.

As the program grew in stature each year, the efforts became more and more those of the extensive committee organization and by 1961 it was determined that it should be made one entirely activated through a citizen group.

It was then that Greater Michigan, Inc., was dissolved and a new group was formed, the Greater Michigan Foundation. This organization set up offices in the Manson Building at 520 Cherry St., Lansing.

Separated from status of being a partial state function but still receiving wholehearted support of state agencies and the Legislature, Michigan Week began to assume even greater proportions.

Each year, the governor of the state serves as honorary chairman of Michigan Week.

## Announce Local Michigan Week Plans

The objectives of Michigan Week as officially adopted by the Board of Governors of the Greater Foundation are:

To give Michigan citizens greater knowledge and appreciation of their state.

To expound the state's assets and resources for industry, business, education and recreation and to afford the nation and the world an inspired view of Michigan's advantages.

To foster a spirit of cooperation among all communities and people to the end that all of Michigan will work together to make the state even more livable and attractive. Michigan week is for the future of Michigan.

Michigan week gets off to an early start in Grayling by the arrival on May 14th of the Michigan Historymobile. Every one should make an effort to see this mobile attraction containing historical displays, fine painting and wonderful books. The Historymobile will be at the Elementary school through May 17th.

Sunday, May 15th is Spiritual Foundation Day. Attend the church of your choice.

Wednesday will be liveliest day when a Grayling citizen will be honored.

Friday the high school is conducting their Michigan quiz program. Grades 7 thru 12 will be participating. The program is at 3:00 P. M. and the public is cordially invited.

Michigan is a great place to live, work and play — a great place to buy, sell, to manufacture, to farm and to enjoy the bounty of nature. Let's honor Michigan's great "triplets" — the three major contributors to our economy. "BUSINESS-INDUSTRY — AGRICULTURE — TOURISM". These three undergird our livelihood, provide our jobs, our income, our buying power and the opportunities around which we build our lives. Michigan is a great state. No wonder the 1966 Michigan Week Theme reads — "Michigan — Dynamic in World Progress."

## M' Day Is Sunday

"M' Day for more than 8 million people of Michigan, and many others around the world who will read to it, is May 15.

That is when the celebration of Michigan Week begins. In this region as in all other parts of the state, plans of citizens have been hard at work for months, many cases since last May, preparing to make the annual observance even more significant than in the past.

Throughout the state, the efforts of more than 600 committee members will reach fruition and it behooves the rest of us to make the most of their work participating actively and attending as many of the special events as possible during the seven-day period.

Michigan Week is unique in itself. No other state has an observance like it. Its impact is not simply that week-long state promotion, but extends around the state to help Michigan progress, Michigan growth, Michigan agriculture, Michigan industry, Michigan tourism—and Michigan people.

The fact that Michigan Week has grown into the standing state-wide activity that it is, gives proof of the claim made in this year's theme that Michigan dynamic in world progress.

Michigan Week is ours to observe to the hilt because This Is Our Michigan.

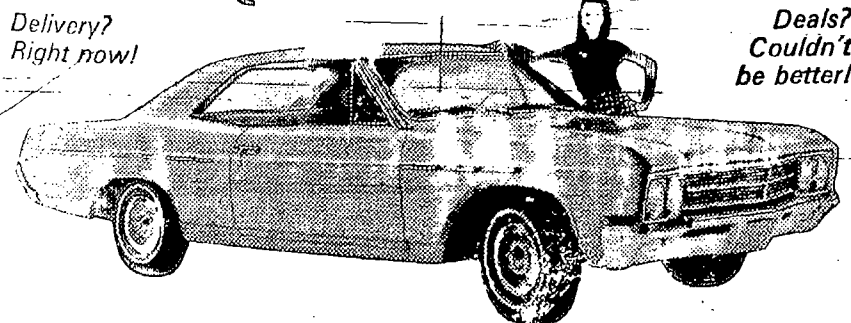

The inherent vice of capitalism is the unequal sharing of blessings; the inherent virtue of socialism is the equal sharing of miseries. — Sir Winston Churchill.

INTERESTING ITEMS OF NEWS GATHERED FROM THE  
FILES OF THE AVALANCHE OF 23 YEARS AGO

May 13, 1943

An unusual circumstance has occurred in that there is a tie for the top honors in the class of 1943 of Grayling High School. Thelma King and Robert Clark both have an average of 2.75 out of a possible 3 point average. As Robert is a full four year student he will have the honor of delivering the Valedictory on class night, June 3. Second highest honors go to Alfred Hanson, son of Mr. and Mrs. Carl Hanson. Alfred has earned an average of 2.48 out of the possible 3 points. Alfred, besides being a good student and citizen was also a member of this year's championship basketball squad and is a member of the baseball squad.

A small group of publishers took advantage of Russell Martin's welcome sign and visited the Conservation department training school at Higgins Lake. This was the first visit of three of the editors and all were amazed at the wonderful institution they found there. The camp comprises several hundred acres and was designed for the training of Conservation officers and for the convenience of groups of nature scientists. There are 11 buildings and at present quarters for about 125. This will eventually be increased to 200. The beautiful dining room will seat 100 comfortably at one time. Nearby the buildings is a modern pistol range and archery range, tennis courts under construction, skeet range and a baseball field that equals in size Navin Field in Detroit which sits in a natural amphitheatre. Bordering the camp on the south is Higgins Lake. On the north is Higgins Lake pine nursery, the greatest in America and one of the greatest anywhere in the world.

Friday afternoon a large crowd of ladies and students attended the Musicales and Tea given by the Ladies Aid of Michelson Memorial Church in the dining room of the church. The tea committee, Mrs. Hans L. Peterson, Mrs. Harry Hutchins, Mrs. Harold Jarmin, Mrs. Fred Barber, Mrs. Emil Giegling and Mrs. Frank Bond, arranged two very attractive tables. At one Mrs. Jappe Smith and Mrs. H. W. Kuhlman poured while from the other delicious food was served. Supt. Frank Bond introduced the Central String Trio who are from Central Michigan College of Education and are giving fine musical programs throughout the state.

## Chamber of Commerce Minutes

Regular meeting Grayling Regional Chamber of Commerce, April 28, 1966, Chief Shoppengons Motor Hotel.

Members Present: Billie Forbes, Bill Kraus, Chuck Kroll, Sandy Thompson, Sal Truettner, and Bill Tufts.

Members Absent: John Latuszek, Ed Rutkowski, and Don Welsner. Guest: Marilyn Longworth. Also Present: Earl 'Chum' Longworth.

Meeting called to order at 12:10 p. m. by President Sal Truettner.

A detailed treasurer's report with a projected expense was given by Billie Forbes. Unless all delinquent member's pay their dues, our budget will be depleted before the summer is over. The Treasurer, in her report, gave in detail a list of Chamber activities and stated that it was very obvious that greater activity in all phases of Chamber business being transacted was the reason for the present deficit. Mrs. Forbes further stated that those members who are still in arrears could cover this deficit by payment of their dues. Also, those few businesses in our city and county who are not members of the Chamber but who receive the benefit that paying members receive, could balance the books easily by taking out membership in the Chamber. One bill was presented for payment. Motion by Bill Kraus, seconded by Bill Tufts, that the treasurer's report be accepted and the bill paid. All Ayes.

New Members — The names of two persons, Dr. Warren B. Cooksey and Ralph H. Estes, were presented to the Board for Associate Membership into the Grayling Regional Chamber of Commerce. Motion by Chuck Kroll, seconded by Sandy Thompson, that they be accepted. All Ayes.

Mail — Chum Longworth read correspondence from General Neiert, General Anderson, and Major Gulsinger in which they granted permission to use ten State of Michigan, Indiana, and Ohio flags to assist the community in its observance of Michigan Week.

A letter from the Department of Conservation in reply to Mr. Long-

worth's request for information on the construction of a trail camp for the Horse and Hiking Trail users, stated that funds from the Legislature have not been allocated for this purpose as yet.

Chum Longworth read a letter from Pete Baker, Outdoor Writer for the Lansing State Journal, thanking him for the Crawford County news releases that are mailed weekly to downstate newspapers, the Journal included.

Manager Longworth read correspondence from Elford Cederberg in which he suggested the State Conservation Commission be contacted with regard to river pollution control.

Appreciation Dinner — Marilyn Longworth reported on this phase of our Michigan Week activities, and told the Board of arrangements that have been made.

Sports Car Race — Chum Longworth reported that plans for the National Sports Car Race are progressing nicely, and various details have been assigned to members of the committee.

Michigan Week — Sal Truettner reported on Michigan Week activities which include on Appreciation Day Dinner, Historymobile, and School Government Day.

Submarine Grayling — Manager Longworth told the Board that the members of the City Council and their wives plan to attend the launching of the Submarine Grayling. Two Chamber members stated they also would like to attend. A letter from Congressman Cederberg was read relative to this event.

Ausable River Signs — Chum Longworth told the Board of a visit from Mr. Egan of the Michigan State Highway Department. Mr. Egan promised that signs designating the Ausable River will be erected on I-75 and I-75 Business Loop here in Grayling very soon.

Band Concert — Bill Tufts stated that arrangements have been made for the Michigan National Guard Band Concert in June.

Motion by Bill Kraus, seconded by Chuck Kroll, that this meeting be adjourned at 1:15 p. m. Next meeting to be held May 13, 1966.

**V. F. W. NEWS**

The proposed post of Crawford County Veterans of Foreign Wars, as the acting Commander, I and another of the signed members were in Standish for the 11th District convention on the 1st of May. The District Commander, spoke about what we were doing up here, and we were given a good hand. Some of the other posts have said that if we needed any help and they could help us that they would be more than glad to be of assistance.

There are Veterans that are not getting a fair deal, but as a Veteran myself, I know that we cannot get what we want without a strong Veterans group to have a more powerful voice in our government. It does seem to me that of all the Vets, in this area that we could have a large crowd, in order to start a post here to help us along our ways in Washington, D. C. So as Vets what do you say to banding together and see what we can do in the future for ourselves and the future Veterans for the coming years. We have some new bills on the floor now but we as Vets are needed to help put these new bills over.

It is believed in the District that we could have a good post here in Crawford County. So let us as Veterans turn out and give this a new start. Would also like to make the City and County proud to boast of a good post such as the V.F.W. What do you say?

Our next meeting will be on a Saturday evening, May 14th at 6:30 p. m. in the Moose Lodge basement. We are having a potluck supper, then as soon as the tables are cleared we will have the meeting, and I personally would like to see enough of you fellows come out and sign up so that we could get the Charter application sent in to the National for their signatures which then we would be able to have our own set here and run by the officers which will be elected.

WHEREAS, said Act 383 of the Public Acts of 1965 above referred to repealed prior legislation which permitted the Boards of Supervisors of all counties under a population of 300,000 to decide for themselves whether to restrict builders and contractors doing business within their County; and

WHEREAS, the Michigan legislature has recently made certain emergency changes in said law and changed the effective date thereof from April 1, 1966 to September 1, 1966; and

WHEREAS, this Board of Supervisors believes that said law was enacted and amended without full and adequate consideration of the effect of said law on small independent contractors and therefore needs further study.

## Letters To The Editor

Dear Editor:

The Secretary of State Branch for Crawford County will be in the Housing Commission office for the present at least. I will be open for licenses from 9:30 a. m. until 11, and from 1 p. m. until 4. This will give me time to schedule my other appointments and house calls for housing before, between, and after these hours. You have a right to know when the office will be open and when you can purchase plates but at this time of year when there is only from 5 to 10 plates sold a day, it is certainly not necessary to be open 50 or 60 hours a week. Crawford County is only a fee office. That means we get 30c for each plate sold. There is no allowance for office space, lights, heat, telephone etc. You furnish your own typewriter, your own adding machine, provide a good safe, furnish your own staples, adding machine tape, pens etc. The gross salary you can make in Crawford County is around \$1000 a year. Last year I made \$1,134.10 from State of Michigan.

Naturally this is the cheapest way the State can handle the licenses in the northern area and small communities. The branch managers were all real happy when they thought the branches would come under Civil Service and we all took the exam. Host of them passed as I did, but nothing more happened after our rating and personal interview, as the State realized how much more money it would cost to have full staffed offices in the small areas. In large cities enough plates are sold to make the work worthwhile financially. If you can sell plates all day at 30c each you make out with a good salary but in the small areas, this is not true.

If they were to go to full time branches, the money would have to come from some place, probably a raise in license rates. Your Secretary of State is trying to handle the disbursing of plates as economically as possible, so will you please cooperate by observing the weekly hours listed above, 9:30 to 11 a. m. 1 to 4 p. m. Monday through Friday. No Saturdays. When the branch managers at a district meeting asked for more money, we were told to "consider the wonderful community service we were doing our area."

I fully agree everyone should do their share of community service but even branch managers have to have another job also in order to eat and pay the bills.

Branch Manager

## McReynolds Hall To Be Open On May 21st

The long anticipated completion of the new facility at the Otsego County Memorial Hospital in Gaylord, will be an event of Saturday, May 21, 1966.

McReynolds Hall, the new Extended Care Facility, will be open from 2 until 8 p. m. During these hours, there will be guided tours of the building, giving everyone in the community, and friends from other areas, the opportunity to become acquainted with this latest Source of Pride, in Gaylord. Refreshments will be served during the Open House hours.

The Extended Care Facility has been called at least a partial answer to the question as to where the ailing, aged person may go when he or she is too ill for a nursing home, but not ill enough to require hospital care.

Such a facility is equipped to give more than custodial care, but not the intensified care found in hospitals.

Because of its nature, and the services rendered, a facility such as this can be a more colorful cheerful place in which to convalesce.

The Hospital Administration and the Hospital Board members are looking forward to acquainting everyone with this very fine addition to the hospital service in this area.

# The low-priced high-price car.

Low-priced because it's a Catalina with a sticker that's within reach of a lot of low-priced car buyers. High-priced because it has the Pontiac name and everything that goes with it. Like a full 121 inches of road-leveling wheelbase. And 60 more standard horsepower than those low-priced cars offer. And steady Wide-Track ride and handling. With luxurious

interiors you practically sink up to your knees in. (And, of course, standard safety items like a padded dashboard.) All backed up by Pontiac's legendary resale value that makes such exciting reading in the record books year after year. Makes you wonder why anybody would buy a low-priced car when you can get a Pontiac Catalina for the same money.

**Wide-Track Pontiac Catalina**  
(A big, powerful Pontiac for less than \$3000\*)

\*Manufacturer's suggested retail price. Catalina 4-door sedan and 4-door hardtop are all less than \$3000. These prices include dealer prep, destination charge, and tax, title and license. Excludes optional equipment and accessories.
